ones are carefully prepared under the direct and inspection of Prof. HUMPHIKYS, in order great and long realized want of the public, thes for all the more common and simple allnames, remedies for all the more common and simple allments of the.

A moment's reflection will show that a vast majority of
diseases from which we suffer and die, were, at their commenement, simple and triffing. A more cont, a slight diarriea, a pain in the side, or a headache, or hoarseness, at
first easily curred and subdued, in time becomes a consumption, a fever, a dangerous dysentery, Group ar other
disease, which all the powers of medicine fall to arrest.

Herein these remedies supply a great public want. Being
on hand, simple, as you know at once what to take—
pleasant, so as to cause no repugnance—safe, and hence
coessioning no risk, while the curative effects are positive
and certain, they are taken, and at once the spell is broken
and the danger allayed.

Experience has amply confirmed the use of these remedies for families and private persons, as being rus most return, they have their a and conventers, the most results.

Thousands are and have been using them for some five
years past, in every section of the country, with almost

Thousands are and have been using them for some five years past, in every section of the country, with almost invariable success. All speak in the highest terms of their almplicity and certainty, and among our hundreds of agents the uniform tentimony is, that they give good satisfaction to their sustomers.

THE GREATECT DISCOVERY OF THE AGE.

MR. KENNEDY, OF ROXBURY; Every Kind of Humor,

The worst Scrofula down to a common Fimple. He has tried it in over elseven hundred cases, and never falled except in two cases, (both thunder humor.) He has now in his possession over one hundred certificates of its value, all within twenty miles of Boston.

BOXBURY. MASS.

DEAR MADAM: — The reputation of the Medical Discovery, in curing all kinds of humors, is so well established by the unanimous voice of all who have ever used it, that I need not say anything on the subject, as the most skillful physicians and the most careful Druggists in the country are unanimous in its praise.

In presenting the Medical Discovery to your notice, I do it with a full knowledge of its curative power, in relieving all, and curing most of those disease to which you are unfortunately so liable. That most excruciating disease to an affectionate mother,

NURSING SORE MOUTH, Is cured as if by a miracle; your own temper is restored to its natural sweetness, and your babe from short and fretful naps to caim and sweet slumbers; and the Medical Discovery becomes a fountain of blessing to your husband and household. In the more advanced stages of OANKER

It extends to the stomach causing DVSPEPSIA. which is nothing but canker on the stomach; then to the ntestines and **KIDNEYS**,
reating a sinking, gone feeling, and an indifference evas
o the cares of your family.
Your stomach is

RAW AND INFLAMED. your food distresses you, and set can only take certain kinds, and even of that your state does not get half the nourishment it contains, as the acrimonous fluid of the canker eats it up; then your complexion loses its bloom and becomes sallow and greenish, and your best day is gone. For want of nourishment your system becomes loose and fasby, and the fibres of your body become relaxed. Then follow a train of diseases which the Medical Discovery is peculiarly adapted to

CURE; Palpitation of the heart, pain in the side, weakness of the spine and small of the back, pain of the hip joint when you retire, irregularity of the bowels, and also, hat most excruclating of dises ses, the PILES.

How many thousand of poor women are suffering from this disease and pining away a miserable life, and their next door neighbor does not know the cause. I wish to impress on your min" that good old proverb, "An ounce of prevention is better than a pound of cure," In the MEDICAL DISCOVERY

ou have both the preventative and the cure, with this reat and good quality, that it will never, under any THE MEDICAL DISCOVERY s especialy intended for diseases of the blood, but since ts introduction in the Western States, it is found to be

AGUE REMEDY that was ever before the public.

No change of diet ever necessary—eat the best you can and get enough of it.

DIRECTRONS FOR USS—Adults one table spoonful per day—Children over ten years, dessert spoonful—Children from five to eight years, tea spoonful. As no directions can be applicable to all constitutions, take sufficient to operate on the bowels twice a day.

FOR REMOVING SCURF AND DANDRUFF And all cutaneous affections of the Scalp FOR BEAUTIFYING THE HAIR. Imparting to it an unequied gloss and brilliancy, making it soft and silky in its texture, and causing it to curl

Imparting to it an unscaled gloss and brilliancy, making it soft and silky in its texture, and causing it to curl readily.

The great celebrity and increasing demand for this uncualed preparation, convinces the proprietor that one trial is only necessary to satisfy a discerning public of its superior qualities over any other preparation in use. It cieanses the head and scalp from dandrull and other cutaneous diseases, causing the hair to grow luxuriantly, giving it a rich, soft, glossy and flexible appearance, and also, where the hair is loosening and thinning, it will give strength and vigor to the roots and restore the growth to hose parts which have become hald, causing it to yield a resh covering of hair.

There are hundreds of ladies and gentlemen in New York who have had their hair restored by the use of this Invigorator, when all other preparations have failed. I. M. has in his possession letters innumerable testifying to the above facts, from persons of the highest reduction into the latest period of life; and in cases where the hair has already changed its color, the use of the Invigorator will with certainty restore it to it to its original hus, giving it a dark, glossy appearance. As a perfume for the toilet and a Hair Rentorative it is particularly recommended, having an agreeable fragrance; and the great facilities it affords in dressing the hair, which, when moist with the Invigorator, can be dressed in any required form so as to preserve its place, whether plainform curls; hence the great demand for it by the ladies as a standard toilet article which none ought to be without, as the price places it within the reach of all, being Only Twenty-Five Cents

Only Twenty-Five Cents er bottle, to be had at all respectable Druggists and

L. MILLER would call the attention of Parents and Guardians to the use of his Invigorator, in cases where the children's hair inclines to be weak. The use of it lays the foundation for a good head of heir, as it removes any impurities that may have become connected with the scalp, the removal of which is necessary both for the health of the child, and the future appearance of its flat.

MISCELLANEOUS.

The Amalogmation of Languages.—There is a growing tendency in this age to appropriate the most expressive words of other languages, and after a while to incorporate them into our own; thus the word Cephalic, which is from the Oreck, signifying "for the head," is now becoming popularized in connection with Mr. Spalding's great headsche remedy, but it will soon be used in a more general way, and the word Cephalic will become as common as Electrotype and many others whose distinction as foreign words has been worn away by common usage, until they seem "native and to the manor born."

Constipation or Costiveness. No one of the Smany ills that flesh is hair to" is

No one of the many ills that flesh is hair to" is so prevalent, so little understood, and so much neglected as Costiveness, often originating in carelessness, or sedentary babts. It is regarded as a slight disorder, of to little consequence to excite anxiety, while in reality it is the precursor and companion of many of the most fatal and dangerous diseases, and unless early oradicated, it will bring the sufferer to an untimely grave. Among the lighter evils of which Costiveness is the usual attendant are Headache, Colle, Rheumatian, Foul Breath, Piles, and others of like nature, while a long train of frightful diseases, such as Malignant Fevers, Abcauss, Dysentery, Diarrhom, Dyspeysia, Apoplexy. Epilepsy, Paralysis, Hysteria, Hypochondriasia, Melancholy, and Insanity, first indicate their presence in the system by this alarming symptom. Not unfrequently the diseases named originate in Cenatipation, but tase on an independent existence unless the cause is eradicated in an early stage. From all these considerations, it follows that the disorder should receive immediate attention whenever it occurs, and no person should neglect to get a box of Cephalic Pills on the first appearance of the complaint, as their timely use will expel the insidious approaches of disease, and destroy this dangerous foe to human life.

TWENTY MILLIONS OF DOLLARS SAVED.—Mr. Spaiding has sold two millions of bottles of his celebrated Prepared Glue, and it is estimated that each bottle saves at least ten dollars' worth of broken furniture, thus making an aggregate of twenty millions of dollars reclaiming from total loss by this valuable invention. Having made his Glue a household word, he now preposes to do the world atili greater service by curing all the sching heads with his Cephalic Pills, and if they are as good as his Glue, Heacaches will soon vanish away like snow in July.
